

JSPS Postdoctoral Fellowship Program for Foreign ResearchersFY2013

Information Sheet

(February 2013)

An Award Letter is issued to the successful candidates. When carrying out the procedures for implementing your fellowship, please be sure to carefully read the Award Letter and the accompanying Program Guidelines.

JSPS Postdoctoral Fellowship Program for Foreign Researchers

FY2013

The JSPS Postdoctoral Fellowship Program for Foreign Researchers provides opportunities for young and excellent postdoctoral researchers from other countries to conduct, under the guidance of their hosts, cooperative research with leading research groups in universities and other Japanese institutions. The program allows such researchers to advance their own research while contributing to the progress of research in Japan and the counterpart countries.

1. FIELDS OF RESEARCH

All fields of the humanities, social sciences, and natural sciences are included under this program.

2. ELIGIBILITY

Each candidate for the Fellowship must:

- 1) Possess either the nationality or citizenship of the nominating country or be a permanent resident of that country
- 2) Hold a doctorate degree when the Fellowship goes into effect, which must have been received within six years prior to April 1, 2013 (i.e. awarded on or after April 2, 2007), or be scheduled to receive a doctorate degree before the Fellowship goes into effect.
- 3) Have arranged in advance a research plan with his/her Japanese host.

[Note]

- Those who have previously been awarded a fellowship under the JSPS Postdoctoral Fellowship Program for Foreign Researchers (excluding Postdoctoral Fellowship Program (Short-term) for North American and European Researchers and the Summer Program) are not eligible.
- Those who do not meet the above nationality/citizenship requirement may apply for the program only if the competent nominating authority agrees to accept their applications. Such researchers may be nominated to JSPS so long as they do not reduce the number of nominees with eligible status. However, researchers of Japanese nationality are not eligible.
- Persons of Japanese nationality are not eligible to apply, nor are those of dual nationality if one is Japanese.
- MD (Medical Doctor) holders without a PhD degree are not eligible.

3. PERIOD

From 12 to 24 months (full months)

4. STARTING DATE

Fellows must start their Fellowship in Japan during the period of 1 April 2013– 30 November 2013.

5. TERMS OF AWARD (FELLOWS ONLY)

- 1) A round-trip air ticket (based on JSPS regulations)
- 2) A monthly maintenance allowance of 362,000 yen.
- 3) A settling-in allowance of 200,000 yen
- 4) Overseas travel accident and sickness insurance coverage, etc.

[Note]

- The amounts of the Awards indicated above are subject to change.
- If the Fellow resides in Japan on the date his/her award letter is issued, the above-mentioned air ticket to Japan and settling-in allowance will not be provided.

- A research grant, “Grant-in-Aid for Scientific Research” (*Tokubetsu Kenkyu in Shorei-hi*) of up to 1,500,000 yen per year (total of 3,000,000 yen for two years) is available to cover cooperative research-related expenses. Application for these grants is made by the host researcher through his/her institution.

6. HOST RESEARCHERS AND HOST INSTITUTIONS IN JAPAN

- Host researchers in Japan must be employed full-time or classified as being employed full-time (excluding *Jokyo*, assistant professors, and *Joshu*, research assistants) at a university or research institution eligible to apply to MEXT for funding under the Grants-in-Aid for Scientific Research Program (*Kakenhi*) and approved by JSPS as an appropriate institution for hosting young foreign researchers. A list of host institutions is available on JSPS’s website.
- Candidates must have arranged in advance a research plan for their stay in Japan with their prospective host researcher.

[Note]

- Full-time employment classification is determined by the regulations of the host institution.

7. APPLICATION PROCEDURE FOR THE PROGRAM

Applications for this program must be submitted to JSPS through an overseas nominating authority. Application process is as follows:

- 1) Contact is made between an overseas scientist who wishes to conduct cooperative research in Japan and his/her prospective host.
- 2) The overseas scientist submits an application to a nominating authority.
- 3) Nominating authority conducts scientific evaluation to select the candidates and nominates them to JSPS.
- 4) **Approximately three months after JSPS receiving an application from nominating authorities**, JSPS will send out a notice of selection decision to both the candidate and submitting nominating authority.

[Note]

- JSPS does not find or introduce host researchers.
- Application deadlines and selection procedures differ by each nominating authority.
- **When setting the starting date of fellowships, adequate time should be allowed for application processing:** e.g., application screening by the nominating authority (depending on authorities) and selection decision-making by JSPS (app. three months).
- Apart from receiving applications through overseas nominating authorities, JSPS also accepts applications from Japanese researchers who agree to host an overseas postdoctoral researcher (open recruitment). For details on this application channel, please see our website:
<http://www.jsps.go.jp/english/e-fellow/fellow.html>

8. MATERIALS TO BE SUBMITTED

- 1) Application form (research data) written by each candidate (Format 2-Postdoc)
- 2) A letter of acceptance/invitation from the candidate’s prospective host researcher in Japan, stating that he/she accepts the candidate at his/her institution during the period of the fellowship tenure.
- 3) A letter of reference/recommendation from the candidate’s current or previous supervisor (not from his/her prospective host researcher in Japan).
- 4) A copy of the candidate’s PhD degree diploma or the original PhD certificate. If the degree has not yet been awarded, a letter is required from the candidate’s institution stating **the date** that he/she will officially receive the degree.
- 5) Supplementary documents (if necessary)

[Note]

- The application form submitted must be the original.
- All documents must be in either English or Japanese. When the original document is in another language, please be sure to attach an English translation (which does not need to be an official translation, but may be done by the host or candidate).

- With regard to section “13. Research Theme in Japan” in the application form, the entry must be within 100 letters including spaces and symbols.

9. OBLIGATION (INCLUDING MEASURES AGAINST MISCONDUCT AND MISUSE OF FUNDS)

The host researchers, fellows and host institution should bear the following nine points in mind when applying for the program, and should observe them if selected for a fellowship. After selection, they will be expected to observe the regulations and procedures stipulated in the Program Guidelines for the JSPS Postdoctoral Fellowship Program for Foreign Researchers. If either the fellow or host should fail to do so, the fellowship may be withdrawn, allowances (including airfares) stopped, and already-paid allowances (including research grants) reclaimed.

1. So as to allow the smooth progress of the fellow's research in Japan, before submitting an application, the host researcher shall fully inform the candidate of conditions at the host laboratory, including his/her status under the fellowship, and will ascertain the candidate's acknowledgement to accept those conditions.
2. The host researcher will, in cooperation with the administration office of the host institution, provide a suitable arrangement for the fellow to pursue his/her joint research. The host will also assist the fellow, when needed, with immigration processing (including applying for a “certificate of eligibility”), securing domicile and other matters related to his/her stay in Japan.
3. During fellowship tenures, the host is also advised not to commit such acts of discrimination or abuse with regard to his/her fellow, and should be particularly careful that what s/he says or does cannot be interpreted as committing such acts.
4. During their tenures, fellows shall not, either in or outside the host institution, infringe in any way on the human rights of others, including racial or gender discrimination or other forms of abuse.
5. As a rule, fellows shall stay in Japan continuously during the tenure of their fellowships and concentrate on their research at the host institution. Fellows may, however, suspend their fellowships for the purpose of childbearing or infant nursing. Fellow may not engage in other work, neither paid nor unpaid, during their tenures.
6. The host researchers and fellows shall follow the rules established by the host institution and JSPS prohibiting acts of research misconduct, e.g., fabricating or falsifying research results, and misuse research funds, e.g., use for private purpose or for purposes other than the approved research.
7. The fellow and host researcher must submit a research report using separately prescribed format.
8. The host institution shall inform both the host researcher and the fellow of the rules that it and JSPS have established to prevent research misconduct and misuse of research funds and of the penalties for violations.
9. The host shall take first responsibility for the fellow's actions, so must be proactive in preventing any discrimination, misconduct or misuse on the part of the fellow during his/her tenure. If any such problems should occur, the host will endeavor to resolve them.

10. HANDLING OF PERSONAL INFORMATION

With regard to personal information contained in the application materials, it shall be strictly controlled in accordance with laws to protect personal information held by administrative institutions and JSPS's rules for safeguarding personal information. Personal information is to be used solely for implementing the JSPS programs, including the provision of such information to private companies commissioned to conduct data processing. In such cases, JSPS will observe all pertinent laws and regulations.

If selected for a fellowship, fellows should note that their name, nationality, affiliated research institution, research theme, Japanese host institution, name/title of their host researcher, and research reports may be given public access. Fellows will also be asked to participate in surveys aimed at improving JSPS programs.

11. NOTES

- The same person may not simultaneously be a candidate for both this postdoctoral fellowship and a JSPS Invitation Fellowship for Research in Japan.

- Should JSPS determine any information in an application to be falsified, plagiarized or otherwise flawed, the application will be rejected or, if already awarded, the fellowship withdrawn.
- JSPS does not support any research related to military affairs.
