

CEUS Cost sheet - Comparative cost overview of national project parts

Please enter the total costs that are requested from the respective funding agency. Cost must be calculated in accordance with national guidelines.

Please note that this overview does **not** replace the standard forms required by ARRS, FWF, GACR and NCN.

Important note: In order to establish which research funding organization acts as the Lead Agency, the distribution of the funding requested is decisive. The following thresholds apply:

Bilateral projects: At least 40 % of the entire project costs must be applied for at the Lead Agency.

Trilateral projects: At least 25 % of the entire project costs must be applied for at the Lead Agency.
